

Boy Scout Troop 7  
Mike Johns, Scoutmaster

December 2004

Dear Mike,

On behalf of the McGinty Scholarship Foundation, thank you so much for your support of the First Annual Family Fun Day. The participation of all of the scouts from Troop 7 meant so much to me personally. The event was a huge success. The partnership with the scouts was a big reason for our success. Your willingness to do “whatever” we needed was so helpful.

Thank you to all of the scouts who turned out to help set up, break down, park cars and just do whatever we needed all while smiling. We hope that you all managed to have some fun at the event and we hope that you will agree to help us next year. What a great bunch of families that are a part of scouting.

The day gave me a positive way to remember the values that Mike cherished – family fun, community service and education. It was also a wonderful way to unite the community behind a worthwhile cause.

The day far exceeded my expectations with about 575 people participating in the event. Donations are still coming in and we are approaching \$20,000! We have already decided to offer two scholarships. I hope that some of the scouts who are graduating will apply for one of the scholarships. Applications will be available early next year.

Again, my family, the McGinty Scholarship Foundation and the Family Fun Day Committee thanks you.

All the best,

Cindy McGinty
